Key Options

Advanced Port Replicator III
(Tecra only)

- Cable management system for quick and easy docking
- Eliminates need to reconnect cables and peripherals
- Enables quick and easy access to networks
- Provides power and re-charges notebook battery

USB 2.0 Port Replicator II

- Connects all your main peripherals to one hub
- 4 USB 2.0 ports with additional connectivity ports
- Reduces cable clutter with majority of ports in one unit
- Compact, space saving design - easy to install and use

Power Cord & Adapter

- Ideal for workers on the move - it's an easy sell
- Removes hassle of plugging & unplugging mains power access
- Build power adapter into home and office cable management

Battery
(Tecra and Portégé only)

- Adds maximum power capabilities to your notebook
- Enables up to 8 hours battery life for mobile working (depending on model)
- Allows longer remote use for power hungry applications

Starter Kit - Carry Case, USB Mouse & USB Hub

- Get more from notebook - perfect for SMB and enterprise markets
- Carry case - slim, lightweight and safe through reinforced frame
- USB optical mouse - stylish and compact, ideal for life on the move
- USB 4 x 2.0 port hub - allows connectivity of peripherals to single hub

External USB Hard Drive

- External USB hard drives from 40GB to 500GB
- Essential for SMBs to back-up mission critical data
- Enables easy storage of large multi-media files
- Password security to prevent unauthorised access

Extended Warranty

- For 1 year warranty notebooks - extend to total 3 years for peace of mind
- Toshiba warranty is UK collect and return (not return to base)

Multimedia Keyboard

- Ideal for office based use, especially when laptop is on notebook stand
- High quality membrane for top quality feel and tactile keystrokes
- 19 hot keys for one touch control of multimedia, internet and applications
- Ergonomically designed with detachable palm rest for optimum comfort

Onsite Next Business Day Warranty
(UK and Ireland)

- Reduces business downtime and hassle
- On-site service by Toshiba-certified engineer Hardware problems under warranty that cannot be fixed over phone

			Tecra M5/M5L	Tecra M7	Tecra A6	Tecra A8	Portégé M400	Portégé R200	Sat Pro U200	Sat Pro A120
SECURE	**Biometric Security**	Biometric Fingerprint Recognition Logon and file encryption - no need for passwords	●	●			●	●	●	
	Trusted Platform Module (TPM)	Industry standard hardware/software security solution that protects sensitive data, encryption and digital signatures to ensure content integrity and privacy	●	●			●	●		
	Anti Theft Protection Timer	Allows users to set up a timer-activated BIOS password that will prevent unauthorised system access in the event of a theft	●	●		●	●			●
	Device Access Control*	Toshiba software utility that allows flexible locking of specific devices in order to prevent unauthorised access to computer or copying of confidential files	●	●	●	●	●	●		●
	Password Utilities	Toshiba software utilities that allow system administrators and users to set-up boot and hard drive access passwords	●	●	●	●	●	●	●	●
	Execute Disable Bit (XD-Bit)	Industry standard that prevents buffer overflow virus attacks (so-called "Buffer Overflow" exploits)	●	●	●	●	●	●	●	●
	Kensington Lock	Industry standard external locking device that helps to prevent spontaneous theft of notebook	●	●	●	●	●	●	●	●
PROTECT & FIX	**Shock Protection Design**	Specially designed shock absorption that encloses key components, such as hard drive, display and inverter to help reduce risk of damage in case of accidental shock, vibration or fall	●	●		●	●	●	●	●
	Hard Drive Protection	Shock absorption in combination with Toshiba's own 3-axis motion monitoring for reduced risk of hard drive damage and data loss in case of fall, shock or vibration	●	●		●	●	●	●	
	Spill Protection Keyboard	Extra insulation and liquid resistance incorporated into the system in order to delay damage from accidental spills	●	●		●	●		●	●
	Magnesium Casework	Special alloy casework that ensures robustness while providing the light weight required from a notebook computer	●	●			●	●	●	
	Durable Design	Robust system design for improved product quality, reliability and durability	●	●	●	●	●	●	●	●
	PC Diagnostic Tool	Specially developed Toshiba software that provides one-touch system support and services	●	●	●	●	●	●	●	●
	Data Backup	Backup your data to protect it against accidental loss and store your backup copies on external hard drive, CDs, DVDs, or some other storage format	●	●	●	●	●	●	●	●
	RAID 1 (Mirroring)	Specially developed feature allows data to be mirrored onto an optional 2nd hard drive. Both disks contain the exact same data so in the event of a disk failure the other disk can be swapped out					●			
CONNECT	**Easy Fix Components**	Easy to access and exchange components, such as memory, hard drive, modem, Wireless LAN and Bluetooth™ modules can save maintenance cost and minimise system downtime	●	●	●	●	●	●	●	●
	ConfigFree™	Software developed by Toshiba that allows users to quickly and easily set up a network connection, troubleshoot connectivity problems and capture complete set of location settings for easy, one-button future use	●	●	●	●	●	●	●	●
	Diversity Antenna	Toshiba innovation (2 Wi-Fi™ antennae and 1 Bluetooth™ antenna in notebook lid - depending on model) that provides optimum Wi-Fi™ signal reception for consistent wireless connectivity	●	●	●	●	●	●	●	●

*Device Lock is only available on request. Please consult your Toshiba authorised reseller for more information. Please note that Toshiba EasyGuard features may vary depending on the notebook model. Please consult your Toshiba authorised reseller for more information.
OCTOBER 2006

Toshiba EasyGuard

Toshiba EasyGuard is a complete suite of technologies that provide for a safer, more secure and easier Toshiba mobile computing experience. Toshiba's featured notebooks are equipped with Toshiba EasyGuard, providing increased robustness, anti-threat security tools, intelligent anti-shock devices, intuitive and manageable wireless connectivity and diagnostic tools. Plus they all include **Intel® Centrino® Mobile Technology** to ensure advanced performance you can rely on.

Toshiba EasyGuard functions vary by notebook model, but the mobile computing experience delivered by the complete Toshiba EasyGuard suite includes:

- Enhanced mobility with Toshiba ConfigFree™ software for simplified wireless and wired connectivity
- Data better protected with Toshiba hard drive protection, including anti-shock features and full 3-axis motion monitoring
- Trusted Platform Module (TPM) for protection of sensitive data, encryption and digital signatures to help protect content and privacy

Please visit **www.easyguard.co.uk** for further details. Please note that Toshiba EasyGuard features may vary depending on the notebook model. Please consult your Toshiba Authorised Reseller for more information.

Typical Purchase Price (TPP) has been quoted for the above products. TPP are based on Toshiba market survey. The final purchase price may vary from Reseller to Reseller as Toshiba's Resellers determine their price in accordance with their own business policies and methods of distribution. In addition to the purchase price, customers may be charged for delivery. Please check with your Reseller about the cost of delivery. TPP and specification are correct at time of going to print. Your purchase will be subject to the individual Reseller's/Retailer's/E-seller's terms and conditions of sale. Please check with the individual Resellers for their terms and conditions. TPP, product design and specifications change frequently, may vary from those shown, are subject to change without notice and may be withdrawn without notice. Products are subject to availability and while stocks last. The photographed product may not always match the description. Please contact your Reseller for further details on specification, pricing and availability before purchasing. For PC's configured with 4GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modelling software and in areas with low air pressure and/or certain temperatures at high altitude (1,000 metres above sea level). Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba website: computers.toshiba-europe.com and/or contact Toshiba Technical Support. One GB means one billion bytes. Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of TFT manufacturing technology. Battery life may vary depending on applications, power management settings and features utilised. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that was shipped with your computer or visit the Toshiba website at computers.toshiba-europe.com. ©2006 Toshiba Information Systems (UK) Limited. Toshiba, Satellite, Satellite Pro, Portégé, and Tecra are trademarks of Toshiba Corporation. Microsoft® and Windows® are trademarks of Microsoft® Corporation in the United States and other Countries. Intel®, the Intel® Inside logo, Celeron® and Pentium® are trademarks or registered trademarks of Intel Corporation or its subsidiaries in the United States and other countries. Other trademarks and trade names may be used in this document to refer to the product. Toshiba disclaims proprietary interest in the marks and names of others. Errors and omissions excepted.

Windows Vista™ Terms and Conditions
*Not all Windows Vista™ features will be available for use on all Windows Vista Capable PCs. All Windows Vista Capable PCs upgraded to Windows Vista will be able to run the core experiences of Windows Vista, such as innovations in organizing and finding information, security, and reliability. Some features available in premium editions of Windows Vista — like the new Windows® Aero™ user interface — require advanced or additional hardware. Check www.windowsvista.com/getready for details.
